**The Big E Hereford Show
Eastern States Exposition, West Springfield, MA**

Sale Summary

This year's sale at Angus Hill was a success and an improvement over the 2013 sale. The Hereford sale Live Lot average was \$2,733. This average is \$390 above the 2013 average, which represents an increase of approximately 20%.

The arena had Hereford bidders from throughout New York, VT Pennsylvania and New Jersey. We contribute the increased interest due to the quality of the offerings as well as an increase demand for Hereford genetics.
