Hereford/Angus Sale May 9, 2015 Truxton, NY

The number of Hereford consignments to the Annual Hereford/Angus Female Sale is up this year. All consignments will be DNA tested for parent verification and to insure that there are no carriers of genetic defects.

The genetics available in this sale are excellent. Some of the sires that will be represented in the sale are: NJW 73S M326 Trust 100W ET, DR World Class 517 10H, RST 1030 Top Secret 7011, LLL Cattlemaster 37R, Star RVP Karry-ON 62Y ET, NJW 73S W18 Hometown 10Y ET, and MSU TCF Revolution 4R just to name a few. There are some great show prospects and cows that meet today's standards that are needed to move our breed forward.

Mark your calendar for May 9, 2015 and be sure to come to Truxton, NY and see the great offerings that will be there.
