

New York Hereford News

Representatives from the state of New York receive the Golden Pitchfork Award.

The Golden Pitchfork award is presented to one state association during the Junior National Hereford Exposition (JNHE). The award was developed to encourage junior exhibitors to work together in the display of their cattle, as well as to create state pride during the JNHE. It is presented to a state association that displays a combination of cleanness, and uniform stalling (such as exhibitor cards, panels, etc.), and additional decoration of the area representing their state.

Congratulations to the New York Juniors on being named the 2014 Golden Pitchfork Award winners.
